CONNECT WITH THE UNIVERSE

It’s your greatest power. Are you connecting?

3 IN 4 Americans Believe in a Sixth Sense*

* 2001: GALLUP NEWS SERVICE
Stephen Kotler, Scientist, New York Times best selling Author: When you are in FLOW, you are connected in surprising ways. Time flies by and you experience top levels of creativity. Extreme athletes' lives are in danger when they surf hundred-foot waves if they are not connected to the universe.

Dr. Lisa Miller, Columbia University scientist's research shows that every child is born with a spiritual gene. (Call it your sixth sense.) Trust it. Use it. Gain life-long guidance.

Carl Jung talks of “meaningful coincidences.” Via synchronicity, ideas come to our intuition. A collective unconscious offers important empowerment opportunities.

YOUR SIXTH SENSE
ACCEPT IT. USE IT.

Or fail to activate your highest power.
 WHICH ONE WOULD YOU BE WILLING TO GIVE UP?
When you are at your most creative, do ideas FLOW to you?

Does time fly by, and you are amazed at your productivity?

When you listen to music, do you get into a groove and connect?

When you write, draw, sing, do you feel that ideas come to you in amazing ways?

Do you feel that your intuition helps guide you and helps you find your purpose in life?

When you pray, do you feel you get guidance in unexpected ways?

Most of us are connected. Like any muscle, use it and your powers will grow. Trust your intuition.

Each CONNECT LEADER will energize and enlist NEW CONNECT PRACTITIONERS. Again, start slow and build. Enlist 1,000 new people opening to CONNECT.
In six decades of work dedicated to public service, I have come to realize how collaboration and CONNECT can supercharge everything we can do to make our world a better place. Towards that end, I will work tirelessly to ensure societies go beyond silos and prioritize CONNECT as a transformational life skill for every human being.”
